

## MASKED MEN LOOT BANK OF \$432,500

A Gigantic Robbery In  
Moscow While Streets  
Were Crowded.

## TWENTY MEN WERE IN THE BAND

Went About Their Task Silently,  
Gagged Guards, Opened Safe  
and Walked Out With  
Every Kopek, In-  
cluding Coin and  
Notes.

(By Associated Press.)  
MOSCOW, March 20.—The Credit Mu-  
tual, one of the largest banks in Mos-  
cow, was mysteriously robbed by masked  
men at dusk to-night. The robbers secur-  
ing \$432,500.

It was an extremely daring job. The  
facts already developed raise the question  
whether the robbery was committed by  
or under the direction of some one at  
present or previously employed in the  
institution. The bank is situated in  
Ilinka Street, in the heart of the city.  
The last of the clerks had just departed,  
leaving an inside guard of three men,  
while under the porte-cochere outside  
were a policeman and the house porter.  
The street was crowded with people hur-  
rying homeward.

According to the story of the guards,  
in the twinkling of an eye they were con-  
fronted with robbers in the hands of  
twenty masked men, who had entered  
silently by the main door, which had been  
locked when the office force left. After  
a command to the guards to hold up their  
hands, not a word was spoken. The  
guards were quickly bound and gagged,  
and thrown into a dark corner. The rob-  
bers then took up positions at all the  
entrances, and the curians of the win-  
dows were lowered.

## Took Every Kopek.

The chief of the robbers, who directed  
the operations of his associates by ges-  
tures and without speaking, showed thor-  
ough familiarity with the location of the  
vaults. When all was ready, he went  
to the heavy, burglar-proof safe, and  
with a few whirrs of the knob, threw  
the combination of the lock, the heavy  
doors swung open, and the treasure of  
the bank was revealed.

The plunder, consisting of gold, silver  
and notes, was rapidly thrust into sacks.  
When a clear haul of the money had been  
made, not a kopek being left, the rob-  
bers departed as silently as they came,  
making their exit through the main en-  
trance and leaving no trace be-  
hind. The robbery was completed in less  
than half an hour. Twenty minutes  
later one of the guards succeeded in  
freeing himself and gave the alarm. The  
household policeman and house porter  
who had been standing in front of the  
bank throughout, claimed they had seen  
no one enter or leave it.

## USED DEAD BODIES TO WORK NEW GRAFT

(By Associated Press.)  
BUFFALO, N. Y., March 20.—The jury  
brought in a verdict of guilty to-night in  
the case of Rowland J. Conover, charged  
with entering into a conspiracy with John  
W. Neff, former county auditor, by which  
the county of Erie was robbed of thou-  
sands of dollars. The case grew out of  
the coroner's inquest on the bodies of  
North Street, in this city, into a plot for  
a new sixty-fifth Regiment armory. Con-  
over secured the contract for the re-  
moval of the bodies from the North Street  
Cemetery and their reinterment in the  
Lakeside Cemetery. The prosecution  
produced witnesses who swore that Con-  
over and his workmen divided the bones  
found in many separate graves into sev-  
eral parcels, burying each parcel as a  
separate body, and collecting from the  
county excessive charges aggregating  
\$34,000.

## CAPTAIN BLAMED FOR VALENCIA DISASTER

(By Associated Press.)  
VICTORIA, B. C., March 20.—The find-  
ing of the commissioners appointed to  
inquire into the Valencia disaster was  
delivered to-day. The report found Cap-  
tain Johnson blameless in not having lo-  
cated his position by the aid of a light  
ship before attempting to enter the  
strait, and held him guilty of grave er-  
rors of judgment also in not having  
made due allowance for the northward  
set of the current, well known to coast  
navigators. Censure was passed upon  
the lack of discipline prevailing after  
the wreck.

## AMERICA NEEDS GREAT WARSHIPS, DEWEY SAYS

(By Associated Press.)  
WASHINGTON, D. C., March 20.—  
Great battleships like the 18,000-ton  
English battleship Dreadnaught are the  
craving need of the American navy, ac-  
cording to Admiral Dewey, who appeared  
before the House Committee on Navy  
Affairs to-day to discuss the future of  
the American navy. At least 20,000-  
ton battleships, with ten twelve-inch  
guns each, should be authorized at once,  
in Admiral Dewey's opinion. Admiral  
Dewey also believes that any experiments  
with submarine boats should be carried  
on.

## COMPLAINS OF A. C. L.

Merchants to Appear Before Cor-  
poration Commission To-day.  
A large number of merchants and local  
shippers will appear before the State  
Corporation Commission at 11 o'clock this  
morning to make complaint as to freight  
charges afforded them by the Atlantic  
Coast Line. Later on, it is understood  
that the same parties will appear and  
make complaints against the Chesapeake  
and Ohio and the Southern Rail-  
roads. The commission will hear the  
grievances of the shippers, and will then  
take the matter under advisement, with  
the view of affording relief, if the mem-  
bers are convinced that any is needed.  
The hearing will hardly be completed  
as to the first round to-day, and the entire  
matter will consume a great deal of  
time.

WILLIAM ROCKEFELLER.  
Standard Oil magnate, one of the richest  
men in the world now suffering  
from cancer.

## STANDARD OIL MAN SUFFERS CANCER

Condition of William Rockefeller,  
However, Said to Be Not  
Alarming As Yet.

(By Associated Press.)  
NEW YORK, March 20.—The Evening  
Post to-day says:

"Confirmation was obtained to-day of  
statements that William Rockefeller is  
suffering from cancer, but not of the  
virulent type reported. It was learned  
that Mr. Rockefeller was advised by his  
physicians last fall to go abroad because  
of a cancerous growth at the base of the  
tongue, which for the past two or three  
years has been causing more or less  
trouble. The recent reports of his illness  
are attributed to a probable renewal  
of the symptoms previously displayed. In  
quarters usually well informed as to the  
interests of Mr. Rockefeller no alarm  
was expressed to-day over the reports  
of illness. It was intimated that in view  
of the pending Standard Oil investigation  
it was thought best for Mr. Rockefeller  
in his present condition to spend the  
winter in Italy. No confirmation could  
be had of the report that Mr. Rockefeller's  
trouble had developed into cancer  
of the stomach."

## ASTOR-SHAW WEDDING HERE

Announced That Marriage Will  
Occur in Virginia—Father's  
Gifts to Bridegroom.

(By Associated Press.)  
LONDON, March 20.—It is stated that  
Waldorf Astor will marry Mrs. Nannie  
Langhorne Shaw at the end of April in  
Virginia, and that they will reside at  
Cliveden, the Thames residence of Wil-  
liam Waldorf Astor, which will be the  
wedding gift from Mr. Astor, who will  
also bestow upon his son an income of  
\$100,000 yearly.

## CROPS IN DANGER; RAINS DO DAMAGE

(By Associated Press.)  
ATLANTA, GA., March 20.—Reports  
from almost every section of the peach  
belt to-night indicate that the crop will  
be severely damaged by the frost which  
will likely accompany the drop in tem-  
perature, which has followed the recent  
heavy rains. According to those reports,  
the greatest danger is a heavy frost.  
As the high winds of the past twenty-four  
hours have left the blooms and young  
peaches practically dry, a freeze would  
not do so much damage, but a heavy frost,  
it is estimated, would cause a loss of  
forty per cent. The local Weather Bu-  
reau predicts the mercury will drop to  
twenty-five in this immediate section  
and that the wind will almost subside.  
Such conditions, it is said, will almost  
surely be productive of a heavy frost.

MONTGOMERY, ALA., March 20.—From  
every section of the State come telegrams  
telling of almost unprecedented failures,  
followed by much colder weather. It is  
feared that the fruit crop has been dam-  
aged and farming operations have been  
greatly delayed. Railroad traffic is still  
greatly hampered, but the numerous  
washouts are being repaired rapidly and  
schedules are resuming.

## MUTINY AND MASSACRE FOLLOWS EXECUTION?

Sensational Unconfirmed Dis-  
patches Say Sebastopol Is Al-  
most Entirely in Flames.

(By Associated Press.)  
ST. PETERSBURG, March 20.—Most  
sensational reports are current to-night  
that the execution of former Lieutenant  
Schmidt, which has made a deep im-  
pression throughout Russia, has been  
followed by an extensive mutiny of sailors  
at Sebastopol, the massacre of their offi-  
cers and firing by the fortress upon the  
city. The truth of the story is doubted,  
this being the "psychological moment"  
for the appearance of such wild rumors.  
No press dispatches confirm the story.  
Have been received, but if the report  
should prove to be true, the absence of  
these might be accounted for by the  
imposition of a censorship.  
The alleged news came in the form of  
two cipher telegrams to a prominent  
member of the Social Revolutionary party,  
which has been able to transmit through ac-  
complishes in the telegraph offices, where  
the public and even the government, has  
been unable to communicate. As trans-  
land and displayed at the offices of rail-  
road newspapers here, the telegrams say  
briefly that the sailors, infuriated by the  
refusal of Emperor Nicholas to pardon  
Lieutenant Schmidt and their fellow  
sailors, rose in their barracks, seized  
and imprisoned the majority of their  
officers. The dispatches add that the  
city of Sebastopol is almost entirely in  
flames. The admiralty affects ignorance as to  
the occurrence of any such affair.

## SET FIRE TO HIS WIFE'S HOUSE

Sensational Arrest of  
Prominent Raleigh  
Merchant.

## FOLLOWS SUIT FOR HEAVY DAMAGES

The Warrant Issued On Ak-  
day of the State Insurance  
Commissioner—Harry  
Clark, the Escaped  
Convict, Cap-  
tured.

(Special to The Times-Dispatch.)  
RALEIGH, N. C., March 20.—A warrant  
was issued this afternoon on affidavits  
of State Insurance Commissioner James  
R. Young, charging M. T. Norris, promi-  
nent merchant of this city, with setting  
fire to a unoccupied farm house owned  
by his wife in order to get the \$500 in-  
surance carried with the North Caro-  
lina Home Insurance Company, of this  
city. The warrant was issued by Justice  
of the Peace D. G. Conn. and Mr.  
Norris gave bond in the sum of \$1,000  
for his appearance next Friday for the  
preliminary hearing.  
It will be remembered that Mrs. Norris  
had entered suit for the amount of the  
policy, when a few days ago, the in-  
surance company filed their answer, mak-  
ing the sensational charge that the com-  
pany had reason to believe that the fire  
was started by an agent of the owner  
that she might get the insurance, the un-  
derstanding being that the company  
meant that Mr. Norris had set fire to  
the place.

Following the filing of this answer,  
Mrs. Norris instituted suit for damages  
against the Home Company for \$50,000  
damages for libel and slander. Now fol-  
lows the third sensation in the arrest  
of Norris by the State Insurance com-  
missioner on the criminal charge of burn-  
ing the house.

Harry Clark, under sentence of eight-  
teen months on the county roads for  
participation in the shooting in Union  
Jepot, this city, last October, which re-  
sulted in the killing of Charles F. Smith,  
of Petersburg, and who escaped from the  
convict camp last night was recaptured  
at Youngsville, this county, this afternoon.  
He was identified by the witness Shud-  
rick, who testified against him in the  
trial, and when arrested was wearing  
citizens clothes over his convict stripes.

## ARGUMENTS CLOSE IN PERE MARQUETTE CASE

(By Associated Press.)  
NASHVILLE, TENN., March 20.—Ar-  
guments in the injunction case of the  
Pere Marquette Railroad Company  
against W. A. Bradford and Kleyholte  
and Company, to stop the transfer of  
\$500,000 Pere Marquette bonds for pur-  
chase of the Chicago, Cincinnati and  
Louisville Railroad and for other pur-  
poses, were concluded before Judge H. H.  
Lorton, of the United States Circuit  
Court this afternoon. Judge Lorton took  
the papers in the case and announced  
that he would render his decision in "two  
or three days." The feature of the after-  
noon was the unexpected appearance of  
Edward Colston, representing Judson  
Harmon, receiver for the Chicago, Hamil-  
ton and Dayton Railroad, who made an  
appeal on behalf of the receiver, that  
the injunction be granted.

Upon his conclusion, W. A. Smith, for  
W. A. Bradford, took exceptions to Mr.  
Colston's statements.

## HULL WILL SUE DOBSON FOR SLANDEROUS SPEECH

(By Associated Press.)  
DES MOINES, IOWA, March 20.—  
Congressman J. A. T. Hull, who gave  
notice that he would sue his opponent,  
George L. Dobson, for exemplary dam-  
ages for slander because of statements  
made by the latter in his opening speech  
in the campaign to defeat Hull for the  
Republican nomination in this district.  
The speech was delivered last night and  
was sensational in its accusations. Dob-  
son declared Hull had used his office for  
personal enrichment; that he was in  
league with Wall Street interests, and  
that he had been corruptly renominated  
two days granted a writ of error and superse-  
dit for the defendant in error, and submitted.

## MINERS FLEE TO SAVE LIVES; SIXTEEN DEAD

Property Loss in West Now Es-  
timated at Half Million  
Dollars.

(By Associated Press.)  
DENVER, COLO., March 20.—Owing to  
the fear of snow slides, all mines in the  
neighborhood of Silverton, Colo., have  
been closed and 3,000 miners have fled to  
Silverton for safety. Sixteen men have  
been crushed or suffocated to death by  
the avalanches in this district in the  
last three days. The property loss is now  
estimated at \$500,000. The railroad be-  
tween Silverton and Durango is blocked  
and Silverton is now facing a famine.

## ROOSEVELT TO MAKE CRUISE OF INDIES

(By Associated Press.)  
WASHINGTON, March 20.—Mrs. Roo-  
sevelt, accompanied by her sons, Archie  
and Quentin, and her daughter, Miss  
Ethel, and possibly by her son, Kermit,  
who is at school at Groton, Mass., will  
leave Washington the latter part of next  
week for Florida. At some convenient  
port there possibly Fernandina, they will  
go aboard the naval yacht Mayflower and  
make a cruise to the West Indies. They  
will visit Cuba and Porto Rico, stopping at  
both Havana and San Juan. It is ex-  
pected the party will be absent ten days  
or two weeks. The Mayflower left Wash-  
ington yesterday for Fernandina.

## MAY CHOOSE CITY NURSERY AS SITE

State Fair Committee Makes the  
Final Tour Looking for  
Location.

## WILL DETERMINE SHORTLY

## Strong Member of Finance Com- mittee Talks Interestingly of the Subject.

The joint committee banded to select a  
site for the proposed State Fair, com-  
posed of members of the city Finance  
Committee and the State Fair Association,  
took another tour yesterday after-  
noon, but reached no conclusion with re-  
ference to the matter.

The party left the City Hall in car-  
riages at 4 P. M., and spent the entire  
afternoon in viewing various places that  
have been suggested. Those who went  
were Messrs. J. T. Anderson, J. G. Corley,  
and John Murphy, representing the Fair  
Association, and W. T. Dabney and G. K.  
Pollock, the Finance Committee. Mr.  
James B. Wood, of the latter body, was  
the only absentee.

The committee viewed proposed sites  
on the Hermitage and Brook roads, and  
at Accra, and drove from the latter place  
back to the city.

A meeting will be called in a few days  
to take final action, all of the neces-  
sary observations having now been made.

## May Take City Nursery.

Of course, it is not known what the  
committee will do with reference to the  
matter, but a well posted member is  
of opinion that the site finally selected  
will be the present city nursery, which  
is just beyond the New Reservoir Park,  
and his views are given for what they  
may be worth.  
"The nursery," he said last night, "is  
of but little real value to the city, and  
we already own the property. It could  
be used as a base-ball grounds to ad-  
vantage during the summer months, and  
it is within easy reach of all street car  
lines. My view is that the city does  
not desire to go into the country and  
purchase property for a fair, which, when  
not in use for this purpose would be of  
no value."  
The member quoted thinks it might be  
necessary to purchase a little strip of  
land from Major Dooley, but he is of  
opinion that this could be easily secured.

## THE WEATHER

Forecast: Virginia—Fair Wednesday and  
Thursday; fresh west wind.  
North Carolina—Fair Wednesday and  
Thursday; warmer in west portion Thurs-  
day; light west winds.

## Opening of Cathedral Not Occur at Easter

Bishop Van de Vyver yesterday gave  
out the statement that the Cathedral  
of the Sacred Heart would not be  
consecrated at Easter.  
"It has been published," said the  
Bishop, "that the cathedral will be  
completed by Easter. This is not  
true. We will not be able to have it  
finished by that time.  
"When the consecration will take  
place I cannot say, but certainly not  
for many months."

## SLEW SEVEN MEN WITH GROWBAR

South and Western Railroad  
Foreman Quells a  
Riot.

## WAS ATTACKED BY ITALIANS

Chief Counsel of the South and  
Western Goes to Investi-  
gate.

BRISTOL, TENN., March 20.—Infor-  
mation received here to-day from Marlon  
N. C. is to the effect that in a fight be-  
tween a foreman and Italian laborers on  
the South and Western Railroad, the fore-  
man, in defending himself, clubbed seven  
of the men to death with a growbar.

No details have as yet been received  
at the headquarters of the South and  
Western Railroad Company here to the  
effect that a foreman of the construction  
work in Western North Carolina had  
killed seven Italian laborers by the use  
of an iron bar.

The scene of the reported tragedy is  
remote from telegraphic communication,  
and the name of the man supposed to  
have committed the deed has not been  
learned.

J. Norment Powell, chief of counsel of  
the company, has gone in that direction,  
and the presumption is that he is in-  
vestigating the matter.

## TRANSPORTATION SYSTEM TO BE REVOLUTIONIZED

(By Associated Press.)  
PHILADELPHIA, PA., March 20.—May-  
or Weaver to-day met the officers of the  
Philadelphia Rapid Transit Company,  
which controls all the railway facilities  
of the city, and reached an agreement  
by which the system of transportation  
will be revolutionized. The agreement  
includes rapid transit by subway and  
elevated lines in three years; an as-  
surance of competition, and the recovery  
by the city of millions of dollars worth  
of franchises.

## THOUSANDS KILLED; DAMAGE \$45,000,000

Entire Towns Destroyed in For-  
mosa—Government Doing  
Business in Open Air.

(By Associated Press.)  
LONDON, March 20.—According to the  
Daily Telegraph's correspondent at Tokio,  
it is now estimated that several thou-  
sand persons were killed by the recent  
earthquake in Formosa. The entire  
island was shaken from early morning  
on Saturday until late at night, the shock  
being continuous. On the same day slight  
shocks were felt in Japan, and from  
Saturday night until the following morn-  
ing five distinct shocks occurred at  
Kumamoto. Telegrams from Formosa  
state that the prosperous towns of Datoy,  
Tainan, and Shinko were completely  
destroyed. At Kagi alone 2,000 natives  
and seven Japanese were killed. The  
government departments are transacting  
business in the open air or in hastily con-  
structed sheds. At Datoy, 600 bodies al-  
ready have been recovered from the open  
fields to which the people had fled, only  
to succumb to their injuries. At a rough  
estimate the damage amounts to  
\$45,000,000.

## MINERS CONFER WITH OPERATORS

Demands of Former Are Referred  
to Joint Scale Com-  
mittee.

## BAER REPLIES TO MITCHELL

Accepts Suggestion That Hard  
Coal Operators and Miners  
Meet Again.

(By Associated Press.)  
INDIANAPOLIS, IND., March 20.—The  
second joint conference of the coal  
operators and miners of the Central Com-  
petitive District, comprising the States  
of Illinois, Indiana, Ohio and West-  
Virginia, which is the result of the  
efforts of President Roosevelt to effect  
a permanent peace in the coal industry  
throughout the United States, adjourned  
this afternoon after referring the de-  
mands of the miners to the joint scale  
committee, which will begin its delibera-  
tions to-morrow.

George W. Traer, an operator of Chi-  
cago, was made permanent chairman.  
On motion of President Mitchell, the  
rules of the previous joint conference, re-  
quiring the vote of the operators on  
"all main and principal questions,"  
be as a unit, were adopted.

## Mitchell's Address.

President Mitchell delivered a brief ad-  
dress in which he outlined his views  
as to the purpose of the extraordinary  
joint conference, at the close of which  
he moved the adoption of the scale of  
wages demanded by the miners in the  
joint conference which adjourned Febru-  
ary 2. The scale provides for an in-  
crease of 12-1/2 per cent. The motion was  
lost on a strictly partisan vote, the oper-  
ators voting unanimously in the nega-  
tive, while the miners voted as a unit in favor  
of its adoption.

President Mitchell in his address said  
that the industrial conditions of the  
country justified an advance in wages,  
and that the miners and operators owed  
it to themselves and to the country "to  
make the best effort that is within us to  
reach an agreement that will preserve  
and maintain industrial peace in the  
coal fields of this country."

John H. Winick of Ohio, the newly  
elected chairman of the operators, pre-  
faced the motion for the adoption of a  
resolution by a brief address in reply to  
the remarks of President Mitchell. The  
resolution, which provided that the pre-  
sent scale of wages be maintained for a  
period of one year, beginning April 1st, was  
defeated. Mr. Winick said that operators had failed  
to find any other basis of agreement than  
the scale of 1904.

## Another Conference.

(By Associated Press.)  
NEW YORK, March 20.—There will be  
(Continued on Second Page.)

## PIERCE SUDDENLY KILL AND COULD NOT APPEAR

Charles M. Adams Again on Stand  
and Subjected to Severe  
Cross-Examination.

(By Associated Press.)  
ST. LOUIS, MO., March 20.—The sec-  
ond day's session of the oil hearing in the  
ouster case of Missouri against the Stand-  
ard, Republic and Waters-Pierce Oil  
Companies was marked by the failure of  
H. Clay Pierce to appear as a witness,  
and the sworn testimony of Dr. Bond, his  
physician, that Mr. Pierce was threat-  
ened with pneumonia and unable to leave  
his room, and the severe cross-examina-  
tion of Charles M. Adams, secretary and  
treasurer of the Waters-Pierce Company,  
who was again on the stand and occu-  
pied most of the day with his testimony.  
Stock certificates were produced and  
read to show that the Standard Company  
held stock in the Waters-Pierce Company  
in 1900, when that company was re-organi-  
zed.

Attorney-General Hadley to-day tele-  
graphed to Secretary of State Swager  
at Jefferson City, asking him not to per-  
mit the Republic Oil Company to with-  
draw from continuing business in Mis-  
souri, as such a course, if permitted,  
would defeat the purposes of the investi-  
gation.

## SHIPS WRECKED; MANY LIVES LOST

Great Havoc On Coast  
In Gale of Last  
Two Days.

## STEAMER SMASHED TO PIECES. 5 LOST

Wreckage and Bodies of Seamen  
Came Ashore at Marblehead  
Neck—Captain and Two  
Sailors Lost on  
a Norfolk  
Barge.

(By Associated Press.)  
BOSTON, MASS., March 20.—In the  
storm of March 19th and 20th at least a  
dozen vessels were wrecked or damaged  
and six lives lost. That the list will grow  
in the next few days is probable, in  
view of the size of the fleet which was  
off the coast when the storm was at its  
height last night. The list of disasters  
and less serious accidents, includes the following:  
Lady Antrim, of Booth Bay, Me., total  
wreck at Marblehead; five lost.

Jones Point, Me.; crew rescued.  
Barge No. 17, N. E. Transportation  
Company, sunk at New London; woman  
lost.

## WRECKAGE AND BODIES FLOAT IN

Lady Antrim Dashed to Pieces  
During Storm—Crew of  
Five Drowned.

(By Associated Press.)  
MARBLEHEAD, MASS., March 20.—  
Wreckage of the Booth Bay, Me., schooner  
Lady Antrim, was washed up at Marble-  
head Neck, today. The last two bodies  
of seamen came ashore.

The Lady Antrim carried a crew of  
five men, and as she was literally smash-  
ed to pieces, it is feared all were lost.  
The vessel was so completely smashed up  
that it was some hours after the wreck-  
age had been discovered that her identity  
was learned. The first body was found  
high upon the beach about noon, and  
several hours later the other was hauled  
out of the surf.

## Woman's Glove Found.

A portion of the vessel's stern, painted  
black, on
